The recall results from the current regulatory assessment of the status of **creatine malate** as a novel food. The measures taken are of a regulatory and precautionary nature.

Products containing creatine malate have been part of the Olimp Laboratories product portfolio for many years. Acting as a precaution and seeking to ensure a consistent approach in line with current market practice, the Company has decided to recall all batches of products containing this ingredient that remain on the market and are still within their shelf life.

At the same time, we would like to inform you that the Company exercised due diligence when placing these products on the market. Since their initial launch, these products have not been challenged by the national official control authorities.

We would also like to emphasize that the Company has not identified any risks to consumers' health associated with the consumption of these products.

Consumers who have purchased the above-mentioned products may return them **to the place of purchase**.

Thank you for your understanding and cooperation.

Yours sincerely,
Quality Assurance Department
Olimp Laboratories Sp. z o. o.
